Winter time is here, and with it we like to protect ourselves and build a strong Immune system of course.

As a wholistic practitioner I always approach the whole person (physical, mental and emotional).

The following wholistic sessions can strengthen your Immune System, balance your fields, may help with deep Meditation, restful Sleep, and Healing.

(If you have a health or medical condition, please consult a medical doctor or health care professional before sessions.)

1. Aura Cleansing with Gem stones, as well as strengthening and balancing your Energy field with an Etheric Weaver.
The etheric weaver stimulates the awakening of the heart and shifting the downward flow into the upward, and the pranic earth vitality enhances the Etheric Bodies to unify and integrate with the Soul. Because of this function, healing of past life karma and attracting positive relationships in the future based on true love not dependency.
2. Metatron's Electromagnetic Mat System.
The Metatron's Mat contains a Grid of Copper Strips & powerful neodymium magnets, laid in the sacred Pattern of the Vesica Pieces, which is found where two circles merge exactly halfway. It is the Sacred Proportion found in all Living things.

3. Reiki is a Japanese term. Rei = means something mysterious, ethereal, sacred and the energy of the Heavens. Ki = means the atmosphere or something subtle and the energy of the Earth.

The Japanese words Reiki can be defined as an ethereal and sacred energy of the heavens and the earth (or of the universe) which sustains all life.

4. Colour Therapy and Chakra Toning. Green, Blue, Red, Orange, Yellow, Pink, Colour affect our Lives!

This specialized alternative therapy is the art of using different spectral hues to promote well-being. Colour isn't just something you see. It is a combination of vibrations and light in different wavelengths that can be used to balance energy and stimulate the body's natural healing ability.

5. Sound Therapy with Tuning Forks.

Tuning Forks are applied to the acupuncture and acupressure points to access the body's Meridian and Chakra energy systems. It is applied in a gentle non-invasive method, and the body begins to resonate with balance and heal.

All those Treatments are also a wonderful Gift for your Loved once.
